Visit to Miraflores Canal—home to the Panama Canal built in early 20th Century  
Meeting with Expediters International- learn the operation side of shipping at the Canal  
Early Evening—Common Reading (The Other Wes Moore & the Work)  
Details and books will be provided with registration  
Magical Mystery Tour—a surprise team-building event for the group

**June 20-22**
JumpStart TU will consist of three teams of 10 students each, Team 1, 2, and 3 will be assigned to either Wetlands International, CATHALAC or Voces Vitales for a three day field experience including site visits throughout Panama, field work and a team project completed by the end of day three.

Once you are signed up for JumpStart TU, you will receive your team assignment and each partner will have more specific information regarding what you will be doing, readings to be completed prior to travel to Panama, and the specific itinerary. Faculty & Staff from TU will be joining each team throughout the field experience.

**June 23**
Teams will finalize their project for presentation early afternoon of the 23rd. Guests from the partners and City of Knowledge will be in attendance.

Afternoon field trip to Balboa Artisan Market to learn the culture and crafts of the Guna Indigenous people of Panama

**June 24**
Group field trip to the Embera Village, one of five indigenous tribes of Panama. Guided by the Embera people in hand carved canoes, we travel down the Chagres River to visit their village including their housing and schools and learn the life of the people.

Closing Banquet of JumpStart TU at the Panama Canal

**June 25 - Return to US**
*Note: Itinerary is reflective of the program. Some details may change to accommodate fieldtrips and speaker schedules.*
